

FULL TIME: 40 HOURS

STUDENT VETERINARY NURSE

An opportunity to train towards a recognised, professional qualification in Veterinary Nursing as part of our supportive and experienced team.

GROW WITH US!

AWARDED "OUTSTANDING"
BY THE RCVS PSS FOR OUR
IN-PATIENT SERVICE

Are you a passionate and motivated individual who is looking to start their career in Veterinary Nursing? We are committed to supporting the next generation of skilled, confident and professional Registered Veterinary Nurses (RVNs) in our accredited training practice and busy veterinary hospital.

- Accredited Veterinary Nurse Training Practice (VNTP)
- Access to Apprenticeship funding
- 8-hour shifts (variable between 8am and 7:00pm)
- Dedicated clinical coaches to guide you through your training in practice
- Weekly college attendance supported
- Participation in our weekend rota (currently 1:3), with days offered back in lieu
- A supportive training environment with experienced clinical trainers and mentors

This is a full-time role, gathering knowledge by working alongside our experienced registered veterinary nurses, vets and client care team. You will be supported through training to become a Registered Veterinary Nurse. You will be required to attend theoretical training at Abbeydale Veterinary Nurse Training, Monmouth one day a week, completing assignments, written and practical examinations, and a skills log (to be completed in practice).

The entry requirements for the Veterinary Nursing course are as follows:

Students must be 16 years or older to commence training and must have achieved a minimum level of education qualifications either 5 GCSEs at grade C or above (now graded as 4 - 9) or 5 Scottish grades 1 to 3. These passes must include English Language, Mathematics, Science and 2 additional subjects. Alternative qualifications of a comparable or higher standard may be accepted at the discretion of the awarding body.

Our ideal candidate will be enthusiastic, eager to learn, professional and passionate about assisting us in upholding the excellent standards of care that we take pride in. You will thrive in a busy team and be motivated to work with dedication and drive to maximise your training experience. Experience of working within a Veterinary environment and knowledge (or prior research) of the Veterinary Nursing qualification and profession are desirable.

Closing date: 26th September

Enquiries, or applications with CV and covering letter, to E: kirstie.sherman@georgevetgroup.co.uk
