SMALLHOLDER HEALTH PACKAGE

SMALLHOLDER GROUP

We hope to bring like-minded people together from smallholdings of all shapes and sizes – whether you have some resident chickens excavating the garden or an alpaca pruning the roses!

Being part of the group not only provides access to a wealth of expertise from our veterinary staff but also to the wider services offered at The George Farm Vets.

Those in the group will benefit from opportunities to learn and discuss areas of interest at our meetings and workshops, whilst also keeping up to date on any pressing issues through the seasonal newsletter.

An initial visit to form a health plan for the coming year will give guidance and support at key times e.g. when to worm.

BENEFITS:

- ✓ Yearly visit: one hour visit to perform a general health check and form a tailored health plan for all your animals
- ✓ Support from our 16 farm vets and our administrative team
- ✓ 24 hour clinical service and telephone helpline
- ✓ Seasonal newsletters highlighting relevant issues
- ✓ Meeting/practical workshop twice a year
- ✓ Vaccine dispensing days where you can buy only what you need
- ✓ Access to our pharmacy - medicines and non-veterinary supplies at farmers' prices
- ✓ Access to our in-house laboratory
- ✓ Pregnancy scanning service
- ✓ Access to an experienced stock person with handling and treatment equipment:
 - Shearing
 - Foot trimming
 - Medicating – Vaccinating, worming, giving boluses etc.
